Dear Mrs. Manley:

Received your letter of February 28.

When I was in Chicago I asked you to send me the name and address of the party in Belmar, New Jersey.

Last week I contacted the management of the team in Belmar and told them about the proposition you mentioned. They told me at that time that they had heard from no one inquiring for the use of the field. As I understand it from them, there is only one field in town and there is no way of getting the field unless they get in touch with this organization.

If you will send me all particulars, I'll get in touch with the organization in Belmar, with whom I do business, and see if I can work it out to the mutual satisfaction of all parties concerned.

I appreciate your offer of co-operation and will call on you any time that I think you can be of help. Weather permitting, I think we should have a very good season.

Very truly yours,
